

## Western Region Ringette Overage Player Request

Up to three overage players may be approved for Regional B, C play depending upon the needs of the team, association and sport. More than three overage players will require the team to register in the higher age bracket for all out of conference play. The protocol for submitting Overage Player Requests and Male Player Requests is as follows. Fill out the Overage Player request form, send it to the Eastern or Western conference coordinator prior to Oct. 10th in order for those players in question to be eligible for league play. The league will approve and send to Western Region. For approval, submission must include a separate written justification including all facts that the team and association feels are appropriate. This rationale is required for the approval process but is not required for the record of approval form retained by the team to document authorization. A fully signed copy of this form must accompany the team TRF for all tournament applications or out of conference play. Teams with overage players are restricted to the invitational side of the year-end regional tournament. Please retain a copy of this form for your records.
